

## CITY OF SEGUIN

### Owner's Consent for Code Compliance Inspection

Date: \_\_\_\_\_

I, \_\_\_\_\_ (*print*) owner of the property located at \_\_\_\_\_ consent to the City of Seguin, Inspections Department to enter and perform a Code Compliance Inspection at the above location. The General Purpose and Intent of a Code Compliance Inspection is to review the condition of the existing facility for the placement of a new occupancy for the owner or tenant. The inspector will check for items required to be repaired or brought up to code before the new tenant occupies the facility.

It is understood that any **Life Safety Issues** that may be encountered during the course of this inspection will be identified to the owner and/or tenant. It is not the intent of this inspection to cause the owner to make drastic changes or alterations to the building. However, if there are Life Safety Issues the Inspector will notify the owner and/or tenant. The owner and/or tenant may request a meeting to discuss the items identified with the Building Official if needed.
